

## "BLAME CRIMINAL" FOR LOSS OF 13 IN BROOKLYN FIRE

Failure of the Tenement House Department to have the three-story

### How to Get Rid of a Bad Cough.

A Home-Made Remedy That Will Do It Quite Cheap and Readily Made.

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist  $\frac{1}{2}$  ounce of Pinex (30 cents' worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so.

The above mixture makes a full pint—a family supply of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

To avoid disappointment ask your druggist for "30 cents' worth" of Pinex—do not accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.—Advt.

### PHOTOPLAYS.

Tenement at No. 88 North Sixth Street, Brooklyn, equipped with a roof ventilator, and a faint lamp burning in the hall throughout the night was declared by Coroner Ernest Wagner to-day to be responsible for the loss of thirteen lives in a fire there early yesterday morning.

"There has been criminal negligence somewhere," the Coroner said. He announced his intention of setting on that belief at the inquest of the thirteen victims when the inquest is held next Wednesday.

"The Tenement House Department compels me to place a draft skylight or ventilator on the roofs of tenements I own, and I cannot understand why the owner of the building where all these lives were lost was not required to equip it in a similar manner," said the Coroner.

"Before the inquest is held, I am going to escort the Coroner's Jury to the roof of that building and explain why so many lives were lost—it was due to the failure of some one to see that the owner of the building complied with the law."

Battalion Chief Gestson assures me that if there had been a draft skylight on the building every one of the thirteen tenants who so far located might have saved their lives. They were trapped when, for lack of such a skylight or ventilator, the smoke "mushroomed" on the top floor and trapped them while they were asleep or trying to escape.

"Another reason for failing to cut out why the owner of the building was permitted to have the hall light extinguished at 4 o'clock every night, when a tenement house law requires that a light shall be kept burning in every such building all night long."

"I agree with Fire Marshal Brophy that it is the hall light in the building that caused the fire, but the fire would have started. There is no doubt that because it was not lighted some one coming in the building late at night struck a match and then threw the lighted match into a baby carriage, starting the blaze."

"I do not intend there shall be any evading of responsibility for this tragedy."

## "Any End in the House" Sale

### Three-Piece Suit or Overcoat to order

\$10

Every three months I have a sale where I clean up everything that is down to one or two suits, goods sold by me as high as \$25.00. A chain of stores like mine requires piece goods, otherwise we have to call in the customer to make new selection.

I want to clean up everything that is down to the end of the piece. Blue Serges, Black Unfinished Worsted, Oxford Gray Thibets, Worsted, Cheviots, fine Kersey Overcoatings, fine Plaid Back Coatings; all the never effects made to your measure, suit or overcoat to order,

**\$10**

Here, there and everywhere in my store the tag, "Any End in the House \$10 Sale," can be found. I have made a big shift in my New York store help, and it is to the benefit of every reader of this paper to call and see what I offer for sale, whether you purchase or not. Woolens, linings, trimmings and everything are going to the sky for prices.

The man thinking of getting a suit or overcoat three or four weeks from to-day would do well to step in to-day and order. If you don't order here, it gives you comparative value of what all worsted suits and all wool overcoats should bring for price. I can assure you of the services of the highest priced cutter in the clothing business.

To the readers of my ads, the past few months, you will notice that I have raised the price on ready-made overcoats from \$6.50 to \$7.50, and if the prices of labor, trimmings and linings go up, I will have to raise that next week, but for the coming week,

**Ready-to-Wear Overcoats, \$7.50**

**SPECIAL!**  
I make to order a fine  
Black Kersey Overcoat, double  
stitched edge, lap seams, velvet  
collar, made in  
bang-up shape, to \$10.00  
your measure,

THE profits in the motion picture industry are enormous. This, too, in the face of the fact that the most extravagant and wasteful methods have been used in producing motion pictures. How much bigger would those profits be if rigid economy and keen business judgment were brought to bear on the situation!

## The Mirror Films, Inc.

believe that there should be practiced the same rigorous economy in the production of motion pictures as would mark the conduct of any large mercantile business. Costs should be stopped, extravagances cut out, operating expenses reduced. An artistic picture is not made artistic merely because the producer is reckless in the outlay of money.

Another reason for failing to cut out why the owner of the building was permitted to have the hall light extinguished at 4 o'clock every night, when a tenement house law requires that a light shall be kept burning in every such building all night long.

"I agree with Fire Marshal Brophy that it is the hall light in the building that caused the fire, but the fire would have started. There is no doubt that because it was not lighted some one coming in the building late at night struck a match and then threw the lighted match into a baby carriage, starting the blaze."

"I do not intend there shall be any evading of responsibility for this tragedy."
